## Safety and use

Mill sense air is intended for indoor use only.

-  Avoid direct exposure to sunlight for long periods.
-  Avoid exposure to direct heat sources.
-  Place away from vents and windows.

Do not disassemble. If the device does not work as specified or you are in doubt, contact your local dealer or visit us at **[millheat.com](https://millheat.com)**

Use dry cloth to clean Mill Sense Air.

Max transmitting power:  $\leq 20\text{dBm}$   
Frequency range: 2.4 ~ 2.5GHz

## Warranty

The warranty is valid for 2 years. The device will be repaired or replaced during this time should any malfunction occur. The warranty applies if the device is used according to these instructions and the customer can present a purchase receipt. If the device malfunctions in any way, please contact the store where it was purchased or the importer.

## Waste disposal

 The symbol  indicates that this product is not to be disposed of together with household waste. This product must be delivered to a recycling service or container for electrical appliances and electronic equipment. This is to avoid health risks and prevent harm to the environment. Local businesses (or the environmental station in your neighborhood) are required by law to accept and recycle such products, as a means of environmentally sound disposal.
